# ClubLounge
# Seat and couch elements.

**Upholstered-element system** with table and seating elements.
**Seating elements** are stools, easy chairs, sofas, benches and corners sofas in two different seating heights. Individual elements can be combined into entire seating landscapes. Elements made of a floor plate with plastic, felt, or 2-component glides, and a cushioned section of flame-retardant MVSS-302 foam material with leatherette cover.
**Table element** same as the stool, but with an internal chipboard body and a graphite-grey (RAL 7024), powder-coated sheet metal covering as a table and playing surface.
**The following material groups are available to choose from:** Fabric cover: S40,64,82.
