

PRODUCT INFORMATION RondoLift_TY_US - 01.03.2022 - www.vsamerica.com

RondoLift-KF Height-adjustable sit-at and stand-at table.

Frame comprising a round central leg/post and a four- or five-foot star-shaped base made from rectangular section, all powder-coated. Leg/post with integrated gas-filled strut and hand switch on the table-top edge. The hand switch is fitted with a safety cover to protect against unintentional activation of the gas-filled strut. Star-shaped base with lockable castors or with glides.

Table height infinitely variable.

Tabletop (barrel shape) made of laminated, veneered, or linoleum-coated LIGNOpal chipboard with plastic (KU) or beech (BU) edges. Round or square tables (from 35 1/2 in.) optional with hinged tabletop for easy transport.

Equipment: Oval table can be supplied with an optional lockable drawer under the top. Oval and square tables also available with modesty screen.

Electrification optionally with a freely hanging cable conduit or a self-coiling cable chain.

The following material groups are available to choose from: Frame made of steel tube: M1; Top made of chipboard: L6; Top made of linoleum: L8; Top veneered: F1; HPL-top: L4.
